 PH: 972-617-4040

**Texas State Technical College North  
 Texas**

TSTC can be your key to a great career through quality education at a low price. For our business partners in the North Central Texas area primarily, you can count on TSTC to provide highly-qualified workers to contribute to your company's success, as well as contributing to communities' long-term economic development.

TSTC offers certificates and associates degrees leading to exciting careers in advanced technical fields. While the TSTC programs and curriculum are rigorous and demanding, our faculty is committed to your success. We work closely with industry partners to keep our programs current and relevant to the fast pace of industry needs.

#### ✓ Public Education

**Red Oak Independent School District (ISD)**  
 109 W. Red Oak Road | PO Box 9000  
 Red Oak, Texas 75154  
 PH: (972) 617-2941 | FAX: (972) 617-4333

**Red Oak Independent School District**

The Red Oak ISD is committed to preparing students for their next steps after graduation, whether it may be a 4-year university, trade/technical school or entry into the workforce. Our academics and dual credit offerings are paired with a robust career and technical program. Red Oak ISD and Texas State Technical College have a new partnership to create TSTC North Texas, an extension center of TSTC Marshall. TSTC North Texas will have programs in areas of industrial maintenance, electronics, information technology, transportation, and engineering technology. The partnership with TSTC stands to enhance existing programs and serve as a launching pad for many future programs. Click [HERE](#) for more information.

**Life School – Red Oak**

The Mission of Life School is to train leaders with life skills for the twenty-first century by establishing strong academics, character training, and a parenting program. Since its inception over a decade ago, Life School has experienced substantial increases in enrollment. Testimonies from parents to friends, neighbors, and co-workers have fueled rapid growth. Today, Life School has grown to six campuses serving several thousand students. Life School seeks to develop leaders with the necessary skills to achieve success in the 21st century. Through character training, strong academics and parent involvement Life School will be successful in fulfilling its mission.
